The lady with the lamp

Florence Nightingale (1820-1910)

MISS NIGHTINGALE, IN THE HOSPITAL, AT SCUTARI.—(SEE PRECEDING PAGE.)

ENGLAND AND HER SOLDIERS.

BY HARRIET MARTINEAU.

"Let me speak proudly.—Tell the Constable
We are but warriors for the working day:
Our gayness, and our gilt, are all besmirched
With rainy marching in the painful field.
There's not a piece of feather in our host
(Good argument, I hope, we shall not fly),
And time hath worn us into slovenry:
But, by the mass, our hearts are in the trim."
KING HENRY V., Act iv. *Scene* 3.

"I know already by your forwardness, that you have deserved rewards and crowns; and we do assure you, on the word of a prince, they shall be duly paid you."
QUEEN OF ENGLAND *to her Soldiers*, 1588.

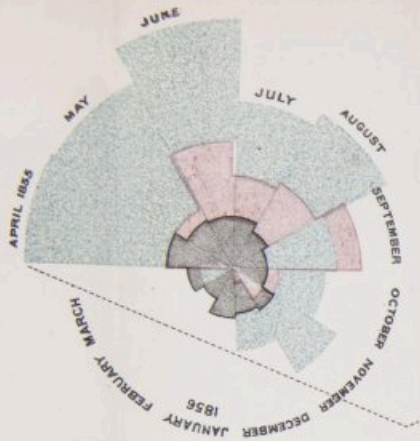

WITH THREE ILLUSTRATIVE DIAGRAMS.

LONDON
SMITH, ELDER, & CO. 65 CORNHILL.
1859

DIAGRAM OF THE CAUSES OF MORTALITY IN THE ARMY IN THE EAST.

2.
APRIL 1855 TO MARCH 1856.

1.
APRIL 1854 TO MARCH 1855.

The Areas of the blue, red, & black wedges are each measured from the centre as the common vertex.

The blue wedges measured from the centre of the circle represent area for area the deaths from Preventible or Mitigable Zymotic diseases, the red wedges measured from the centre the deaths from wounds, & the black wedges measured from the centre the deaths from all other causes.

The black line across the red triangle in Nov.r 1854 marks the boundary of the deaths from all other causes during the month.

In October 1854, & April 1855, the black area coincides with the red, in January & February 1855, the blue coincides with the black.

The entire areas may be compared by following the blue, the red & the black lines enclosing them.
