BEACH WHEELCHAIR LOCKER PROGRAM - ZUMA BEACH

CONTACT INFORMATION

Address: 30050 PACIFIC COAST HWY
MALIBU, CA 90265
Map it

Phone: 310-457-2525

Disability Relevance: Mobility

PRIMARY FUNCTIONS

New beach wheelchairs with balloon-tires designed to give wheelchair users an opportunity to easily move across both sand and rough terrain while enjoying the beauty of our coastline are available to check out at NO CHARGE!

OTHER COMMENTS

WHEELCHAIR CHECKOUT PROCEDURES: The beach wheelchairs are avialable to the public, free of charge, every day during daylight hours. The chairs are distributed by Los Angeles County Lifeguards. The check-out procedure works as follows: 1. A designated lifeguard main station or headquarters services each wheelchair locker. 2. Requests to checkout the beach wheelchair can only be made when users are physically at the beach. The request can be made by either personally approaching a lifeguard working the designated lifeguard main station or headquarters or, if no lifeguard is available, calling the phone number advertised on the wheelchair storage locker. If necesessary, the lifeguard switchboard operator will route the call to an on-duty lifeguard at the dsignated lifeguard main station or

THE MILLION DOLLAR HOODS PROJECT

Enter the Map Room

Los Angeles operates the largest jail system on Earth. At a cost of nearly $1 billion annually, more than 17,000 people are caged every night in county jails and city lockups. But not every neighborhood is equally impacted by L.A.'s massive jail system. In fact, L.A.'s nearly billion-dollar jail budget is largely committed to incarcerating many people from just a few neighborhoods. In some communities, local authorities are spending more than one-million dollars annually to lock up residents.

Stop Asian Hate: Together, We Can Make a Difference

We must act now. Support the AAPI Community Fund to uplift and protect Asian Americans and Pacific Islanders. The following provides resources to different organizations that uplift the AAPI community. Fundraisers for AAPI Justice Help the families and individuals affected

Asian Organizations Across the Bay Area Join Forces to Demand Action Against Violence

On February 9, 2021, the undersigned organizations released the following press announcement denouncing violence against members of Asian American communities in San Francisco, Oakland, and the greater Bay Area. We stand in solidarity with victims, survivors, and families who have

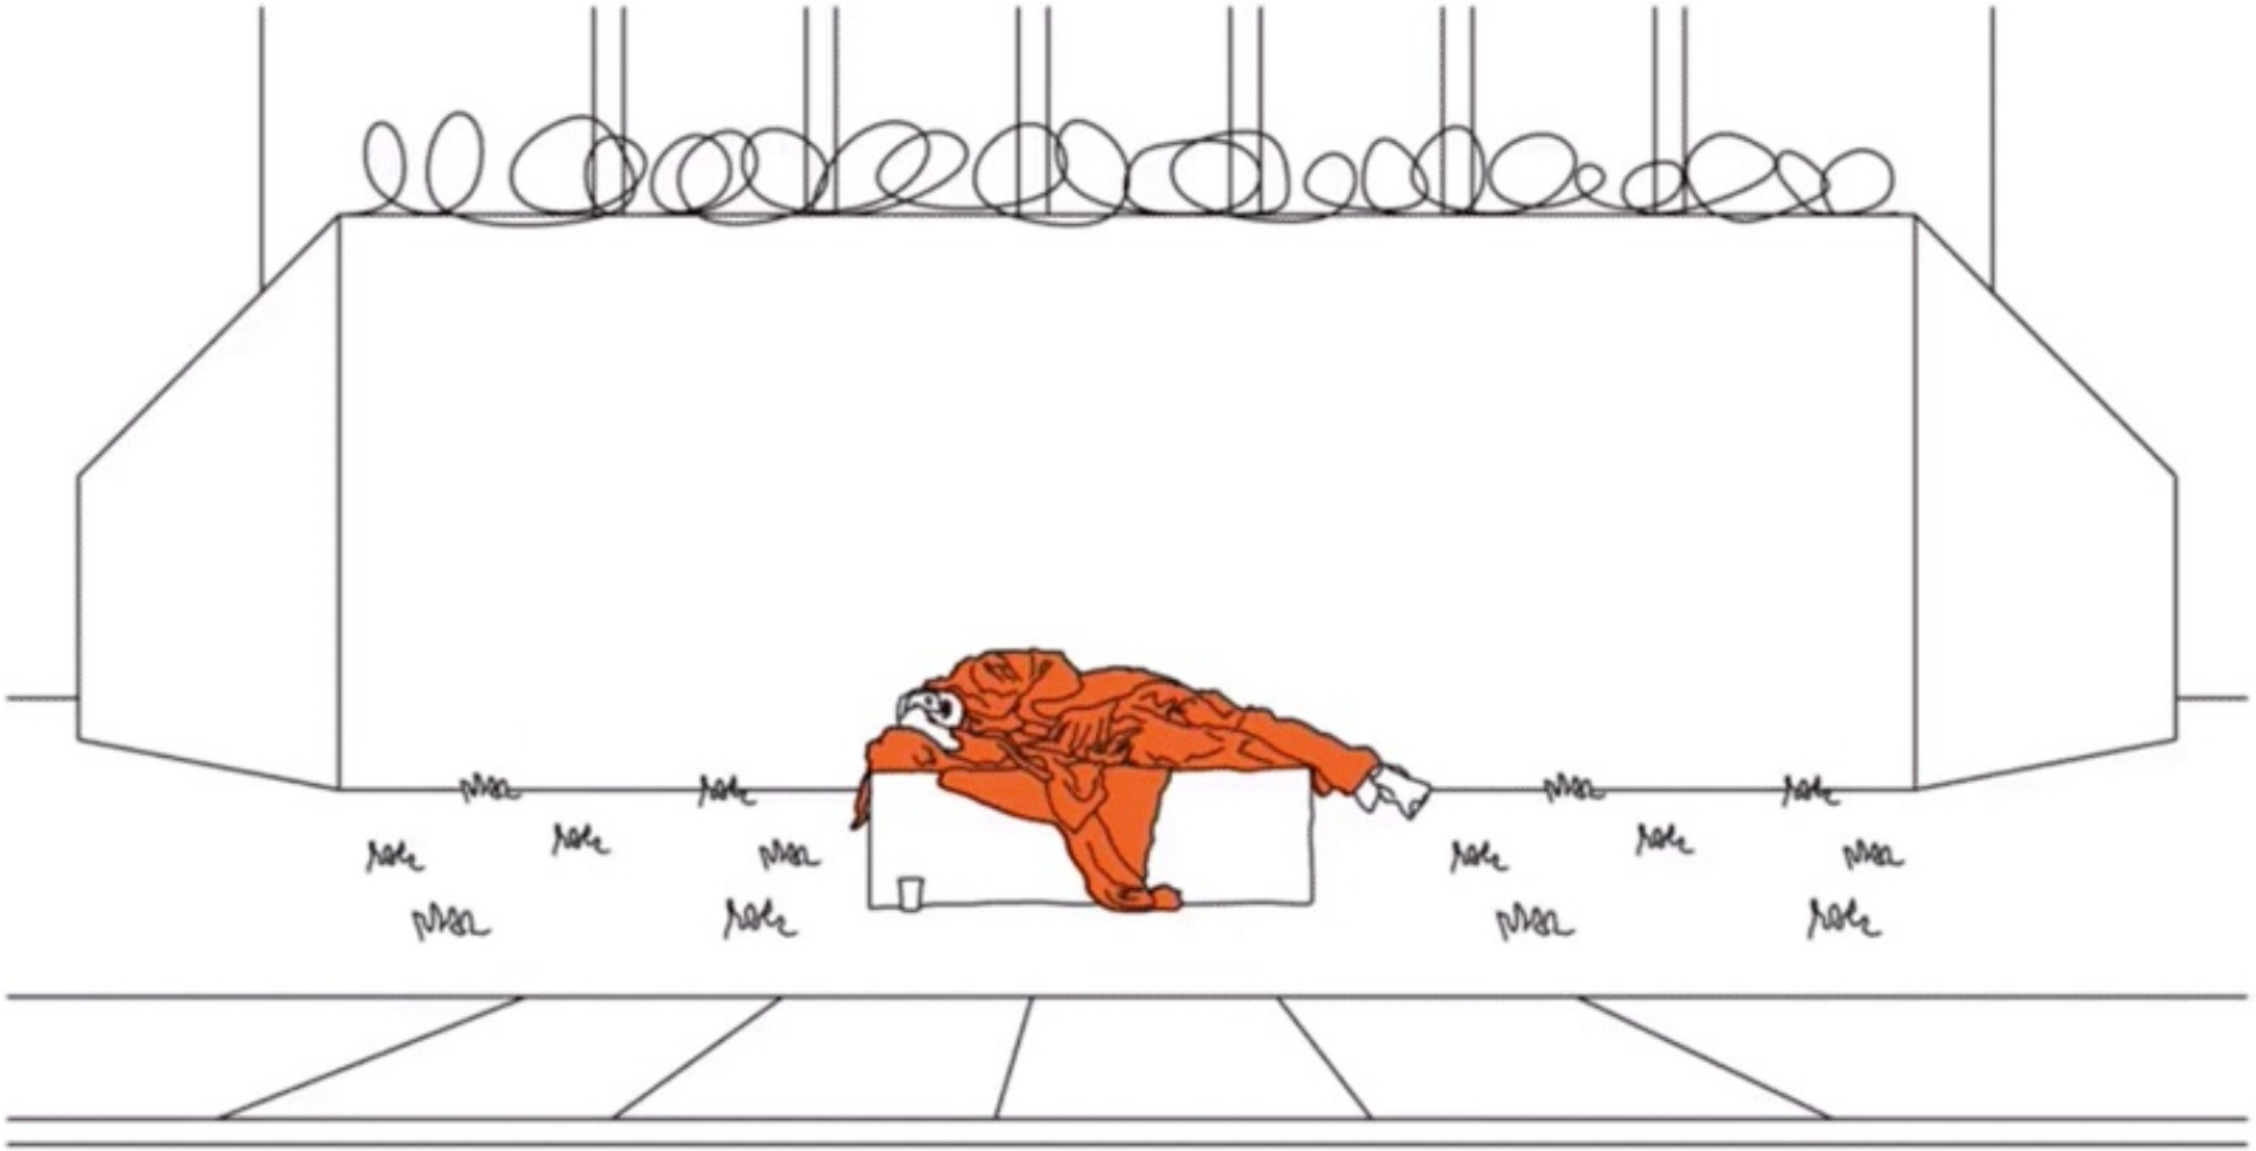

Support Community Building and Mobilization in 2021

As 2020 comes to an end, we are reflecting on the monumental advocacy and community organizing that took place to address anti-AAPI racism, increase allyship and solidarity with other communities of color, respond to the socioeconomic and health challenges during

Support Community Organizing and Power during COVID-19

Despite the challenges that the COVID-19 pandemic have raised, our network partners have adapted and continued to organize and respond to the changing needs of their community members with their community outreach and engagement services, programming, and campaigns. As our

About Movement Hub's StoryMap

This map highlights stories across the country in four themes (AAPI in action, rise in anti-Asian violence, systemic inequities, and racial justice) and offers information on federal and state statutes to facilitate connections between the lived experiences of AAPIs and possible protection policies* available to the community. You can zoom in to view the local statutes and stories of interests.

Map Navigation

Step 1

Click on state to see state statutes, double-click on state to return to federal statutes.

Step 2

Click on a ● to view story.

Step 3

Landfall

"Family Ties" by Cameron PajYeeb Yang

Saint Paul, Minnesota

It's June 15, 2014. Father's Day barbecue in our backyard. My older sister sits my mom down at the head of our dinner table. I sit beside her and my sister settles across from me. Mom anchors her eyebrows and asks why the sudden formality. With my previous consent, my sister suddenly blurted out, "PajYeeb likes girls."

close either of these instruments, support it in a vertical position by resting the needle point on the paper and bearing slightly on the top of it with the forefinger of one hand, and turn the adjusting nut with the thumb and middle finger of the same hand.

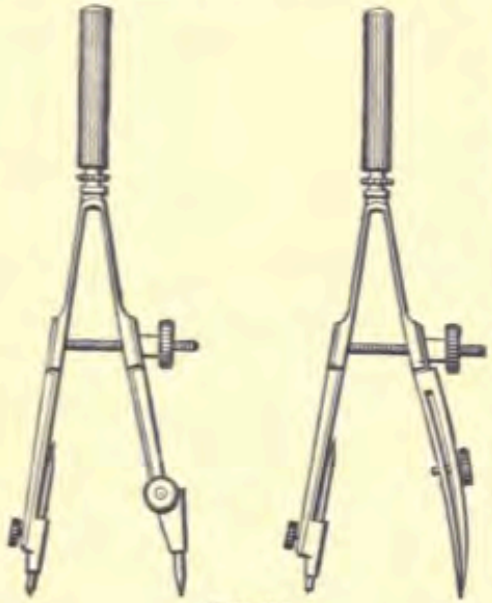

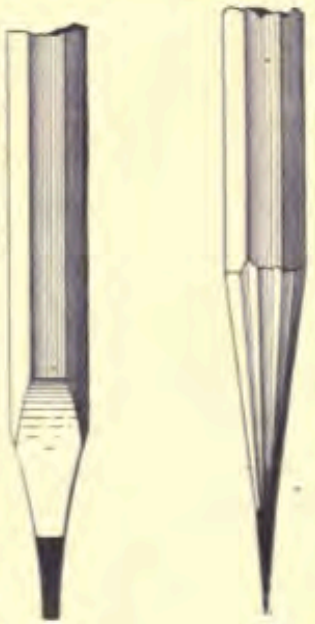

FIG. 18.

12. Drawing Paper and Pencils.—The drawing paper recommended for this series of lessons is the T. S. Co.'s cold-pressed demy, the size of which is 15″ × 20″. It takes ink well, and withstands considerable erasing. The paper is secured to the drawing board by means of **thumbtacks.** Four are usually sufficient—one at each corner of the sheet (see Fig. 7). Place a piece of paper on the drawing board, and press a thumbtack through one of the corners about $\frac{1}{4}$ or $\frac{3}{8}$ of an inch from each edge. Place the T square in position for drawing a horizontal line, as before explained, and straighten the paper so that its upper edge will be parallel to the edge of the T square blade. Pull the corner diagonally opposite that in which the thumbtack was placed, so as to stretch the paper slightly, and push in another thumbtack. Do the same with the remaining two corners. For

the lead projecting; then sharpen it flat by rubbing it against a fine file or a piece of fine emery cloth or sandpaper that has been fastened to a flat stick. Grind it to a sharp edge like a knife blade, and round the corners very slightly, as shown in the figure. If sharpened to a round point, as shown at *B*, the point will wear away very quickly and make broad lines; when so sharpened it is difficult to draw a line exactly through a point. The lead for the compasses should be sharpened in the same manner as the pencil, but should have its width narrower. *Be sure that the compass lead is so secured that, when circles are struck in either direction, but one line will be drawn with the same radius and center.*

13. Inking.—For drawing ink lines other than arcs of circles, the **ruling pen** (or *right-line pen*, as it is sometimes called) is used. It should be held as nearly perpen-

STOWAGE OF THE BRITISH SLAVE SHIP "BROOKES" UNDER THE REGULATED SLAVE TRADE

Act of 1788.

Fig 1.
Longitudinal Section.

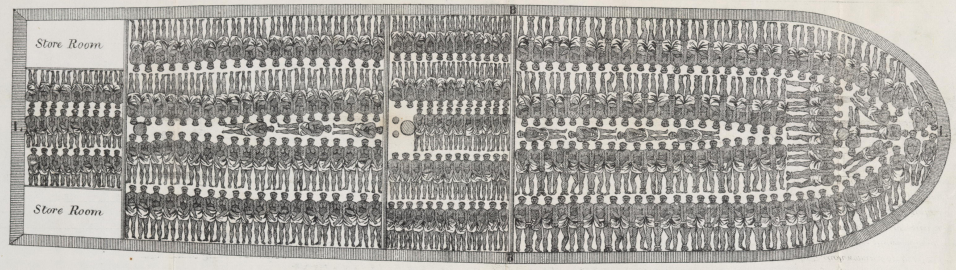

Note. The Brookes after the Regulation Act of 1788, was allowed to carry 454 Slaves. She could stow this number by following the rule adopted in this plate, namely of allowing a space of 6ft by 1ft 4In to each man, 5ft 10In by 1ft 4In to each woman, 5ft by 1ft 2In to each boy, but so much space as this was seldom allowed even after the Regulation Act. It was proved by the confession of the Slave Merchant that before the above Act the Brookes had at one time carried as many as 609 Slaves. This was done by taking some out of Irons & locking them spoon wise. To use the technical term, that is by stowing one within the distended legs of the other.

Shelf or Platform of the L Lower Deck.

PLAN OF LOWER DECK WITH THE STOWAGE OF 292 SLAVES

130 OF THESE BEING STOWED UNDER THE SHELVES AS SHEWN IN FIGURE B & FIGURE S.

Fig 2.

PLAN SHEWING THE STOWAGE OF 130 ADDITIONAL SLAVES ROUND THE WINGS OR SIDES OF THE LOWER DECK BY MEANS OF PLATFORMS OR SHELVES (IN THE MANNER OF GALLERIES IN A CHURCH) THE SLAVES STOWED ON THE SHELVES AND BELOW THEM HAVE ONLY A HEIGHT OF 2 FEET 7 INCHES BETWEEN THE BEAMS: AND FAR LESS UNDER THE BEAMS. See Fig 1.
