Google Earth Engine

<https://earthengine.google.com/>

A wide-angle satellite photograph of a vast, arid landscape. The terrain is rugged and brown, with numerous small, dark blue lakes and reservoirs scattered across the valley floors. The horizon is visible in the distance under a clear blue sky.

Our Planet Is Changing

See our impact on the Earth from a new perspective through 37 years of satellite imagery in Timelapse in Google Earth. Timelapse is one example of how Earth Engine can help gain insight into petabyte-scale datasets.
